SCHOOL

KINDERGARTEN OPEN HOUSE

Tuesday, February 12, 2019
9:00-10:30am

Still looking for the right school choice for your child's Kindergarten experience?

Please join us to learn about Friends School's unique full-day Kindergarten program and see what sets us apart from other schools in Boulder. **At Friends, we celebrate:**

Students

OUR STUDENTS LOVE SCHOOL AND LEARNING, and are well-prepared for the future.

Teachers

Our **HIGHLY SKILLED AND WARM TEACHERS** deeply know each child. Both K/1 teachers hold a Masters degree in education with a concentration in early literacy.

Individuals

STUDENT TO TEACHER RATIOS of 10:1 or lower allow us to focus on the individual gifts, needs and passions of each child.

Academics

We teach **FOUNDATIONAL SKILLS** in reading, writing, and math. Specialists in **MATH** and **LITERACY** support our teachers and meet the needs of every student.

Kindness

Equally as important as academics, **SOCIAL AND EMOTIONAL LEARNING**, friendship skills, and mindfulness practices are the cornerstones of a Friends School education.

Arts

Exemplary **SPECIAL SUBJECT OFFERINGS** in art, music, Spanish, PE and library provide a well-rounded educational experience.

Play

COMMITMENT TO PLAY during choice time every day is an essential tool and one of the most important parts of a Kindergartener's day.

Experiential Learning

Fun and exciting **FIELD TRIPS** and outdoor experiences bring Kindergarteners' learning to life outside of the classroom.

Join us on February 12 to tour & observe our Kindergarten and 1st Grade classrooms, meet our teachers and current parents, and enjoy coffee and refreshments while learning from our Head of School about the vision for Friends and our early childhood program.

PLEASE RSVP HERE BY 2/11 TO RESERVE YOUR SPACE.
